Shindaiwa's Hybrid 4® Engine Technology blends the finest features of two-stroke and four-stroke technology. Hybrid 4 products offer:

- Environment-friendly low emissions levels
- Higher torque to the lower end for more power
- Fuel economy using 10 - 25% less fuel than equivalent two-stroke engines
- A low tone sound
- Reduced starting effort with built-in decompression
- Longer engine life due to dual-stage air filtration

Shindaiwa highly recommends Red Armor™ engine oil for carbon deposit removal and protection against future buildup. Visit [www.redarmoroil.com](http://www.redarmoroil.com) for more info

Shindaiwa's line of handheld blowers provides optimum performance and durability for season after season of outstanding operation on even the toughest jobs and in the harshest conditions. And each one is covered by a 2-year commercial warranty — dependability you can count on.

## EB254

- The multi-function operation handle incorporates an anti-vibration system to greatly reduce vibration felt by the operator
- Heavy-duty air filter element is easily accessible; no tools required for routine maintenance
- Low tone, spark arrestor muffler system
- All position, hands-free cruise control
- Special nozzle angle reduces blower twisting from torque
- Positive lock keeps tubes firmly attached to blower
- Comfortable rubber coated handle includes: thumb-operated On/Off switch, throttle trigger, all position hands free "cruise control"

A low-tone deceptively quiet, high performance engine, it's often quicker than a backpack from truck to task; a great choice for smaller jobs
